SESE:

- Florence Nightingale- Read about Florence below and complete some activities about her. We talked a little about her already in school.

Florence was born 12th May 1820, in Florence, Italy.

Florence The Nurse
Florence wanted to help people, so she became a nurse. A war started and Florence went to look after the soldiers who had been hurt. Other nurses went with her. Hospitals were not very nice places in those days.

- Not enough medicine
- Poor food
- Not enough beds

There weren't any toilets so the hospital was very dirty and smelly. Florence wanted to make things better and the other nurses helped her.

What Did They Do?

Clean

Washed their hands

Got better food

This helped to save lives. Florence spent the rest of her life trying to make hospitals better places for everybody.

Did You Know? Florence was called 'The Lady with the Lamp' because when it was dark, she carried a lantern with her around the hospital.
