- Read: *Am Don Léamh*: p 42 & 43 Sa Siopa Milseán Activities A,B,C,D
- Write: *Abairtí*

Choose 8 words from Fuaimeanna agus Focail 3, Aonad 3 (An Breithlá)
Put each one in a sentence

SESE: Science :Materials and Change

Kitchen Science (see worksheet for full instructions)

Some fun kitchen science for this week. You'll need an adult to supervise as you'll be using hot water.

Last week's experiment introduced you to **dissolving**.

Dissolving happens when two substances combine completely (like chocolate and saliva)

When one substance dissolves in another, the result is called a **solution**.

A mixture is often in the form of a solution, where one substance (the **solute**) is dissolved in another (the **solvent**)

Art

Summer is officially here! I'm looking forward to the sweet shops re-opening so I can have an ice-cream. Have a look at the guided drawing instructions for drawing your own ice-cream cone. You can send me a photo of your finished picture and I'll put them on the website for everyone to have a look at. Yum yum!

Remember if you have any questions or if you'd like to send me some of your work (or even just to say hello and let me know what you've been up to) you can email mrsduffystabannon@gmail.com.

Any of you who are in Mrs Stanley's groups can contact her at mrsstanleystabannon@gmail.com

Stay Safe

Mrs Duffy
