#### Summer sensory poem

We have five senses. We can see, hear, touch, taste and smell. Think about summertime using all your senses. What can you see? Is it the bright sunshine? Can you hear birds singing, or children playing? Can you touch the cool water in the paddling pool or maybe smell and taste delicious food on the barbecue? Use the template or draw and decorate your own, if you like!

Remember to keep reading!!

### Maths: Summer Maths Challenges

Enjoy some summer themed maths, including multiplication and division colour by number, summertime I-Spy calculations, Holiday time and break the code.

## Summer in Ireland

Unlike other countries, summer begins in Ireland on 1<sup>st</sup> May each year and finishes on 31<sup>st</sup> July. This is because the Irish calendar is based on four pagan celebrations: Samhain, Imbolc, Bealtine and Lúnasa. In the UK, the USA and many other countries, summer lasts from June to September.

### Irish Weather in the Summer

Ireland has a temperate climate. This means it doesn't get extremely cold or extremely hot. Instead, the winter months are generally mild. It is very rare to see heavy snow. In the summer, the weather gets warmer and the average temperature is around 18-20°C. The weather in Ireland can be very changeable. During the summer, Ireland gets more daylight than in the winter. In June and July it is bright for almost 18 hours. The longest day of the year is at the end of June each year and is known as the 'summer solstice'.

### Plants and Animals

Many animals hibernate and many birds migrate from Ireland during the colder winter months. During the summer, Irish wildlife is at its most active. Foxes, squirrels, badgers and bats can be found all across Ireland.

Honeybees are busy collecting pollen to make honey during the summer months and dragonflies can be seen near rivers and lakes. Summer is also the season for butterflies and the small copper and the peacock butterfly are commonly spotted.

During the summer, baby birds begin to leave their nests. Swallows return to Ireland from Africa. They return to the same nesting place each year. They lay eggs and raise their young before departing again for the colder winter months.

The Irish countryside is decorated by many species of wildflowers, including daisies, clover, buttercups, foxgloves and honeysuckle.

## Summer in Ireland

### What Do People Do in Ireland during the Summer?

Children get their summer holidays at the end of June in Ireland. There are generally lots of things to do in Ireland during the summer. Many art and music festivals are held during the summer months. Fleadh Cheoil na hÉireann is generally held during August and is a week dedicated to celebrating Irish music and culture.

When the weather is warm, Irish people flock to its beautiful beaches to enjoy the weather because it might not last too long!

## Comórtas Marcaíochta

### Léigh an sliocht.

Tá comórtas marcaíochta  
ar siúl sa pháirc.

Tá Mamaí, Zach agus  
a chara Zoe ag dul ann.

Tá capall donn ag Zach. Oscar is ainm dó.

Tá capall bán ag Zoe. Sneachta is ainm dó.

Féach ar Zoe. Tá bríste marcaíochta bán uirthi. Tá seaicéad dubh  
agus clogad uirthi. Tá buataisí ar a cosa. Tá uimhir a dó dhéag ar a cóta.

Tá Zach ag léim. Tá uimhir a fiche air.

Is breá le Zoe agus Zach marcaíocht.

Bíonn ceachtanna marcaíochta acu gach Satharn.

### Ceisteanna.

1 Cad atá ar siúl sa pháirc?

---

2 Cé atá ag dul ann?

---

3 Cén sórt éadaí atá ar Zoe?

---

4 Cén dath atá ar chapall Zoe?

---

5 Cad is ainm do chapall Zach?

---

6 Cad atá ar siúl ag Zach?

---

7 Cad a dhéanann Zoe agus Zach gach Satharn?

# Holiday Time!

What time did the children get up?

What time did the children stop at the service station for breakfast?

Draw the hands on the clock to show when the children had fish and chips.

Draw the hands on the clock to show when the children built a sandcastle.

What time did the children set off for the beach?

What time did the children arrive at the seaside?

The clock shows when the children went paddling in the sea. They came out of the sea after 45 minutes. Draw the hands on the clock to show when they finished paddling.

The clock shows when the children began their journey home. It took 2 hours and 25 minutes to get home. Draw the hands on the clock to show when they got home.

# Summer Holiday Code Breaker

Solve the calculations and use the code breaker to spell out the summer-themed words.
