Part G this week is **narrative writing**. A Narrator tells a story. You have **2 weeks** to complete this. First of all- think of a title for your story and draw a mind map, including any words or pictures that come to mind. Next, plan and draw out the beginning, middle and end of your story- just like we do in class. When you have it planned, you can start writing. Remember to include lots of descriptive words and wow words (adjectives) Try keep it all in the past tense!

Remember to keep reading!!

Continue your Covid 19 journal. Why not try a factfile, include your name, age, address height, hair & eye colour and your hobbies, hopes and wishes.

### Maths: Time

- Action Maths p 56 & 57(have a read and answer orally –you do not need to write the answers)
- Acton Maths p 58- Digital Time Q 1,3 – 7  
P59 , 60, 61 & 62

**Remember there are 60 minutes in one hour.** When you are adding minutes, if your answer is more than 60 minutes, **you will need to change it to hours and minutes.**

#### **Adding hours and minutes**

Add the hours and minutes separately. If you have 60 minutes or more, change them to hours and minutes.

hrs	mins	
2	50	
+ 3	58	
5	108	→ 1 hr 48 mins

So my answer is 6 hours 48 minutes.

#### **SUBTRACTING HOURS AND MINUTES**

If you need to rename, remember to change the hour to 60 minutes.

hrs	mins	hrs	mins
4	28	<del>4</del> <sup>3</sup>	88
- 1	52	- 1	52
		2	36

When you are subtracting, if you need to rename, **remember 1 hour will change to 60 minutes**
